

# Self-managed moves made smarter

Graebel CitySwitcher® is a digital solution for employee-led relocation, designed to simplify the moving process and help employees navigate every stage with confidence.

Whether employees receive a lump sum, cash-in-lieu of services or initiate their own move, the right support is essential for navigating relocation while staying focused on their work.

That's why we developed Graebel CitySwitcher® to help employees plan their relocation from start to finish while maximizing the value of their cash benefits or personal funds.

## Meet Switch

Now enhanced with Switch, CitySwitcher's AI moving assistant, employees can access personalized relocation guidance 24/7 to help navigate housing, moving, neighborhood, and settling-in decisions.

CitySwitcher brings together digital tools, expert insights, vetted service providers, and Switch to help employees make informed decisions and move forward with confidence at every stage of their relocation journey.

**Prepared. Confident. Ready to Move.**

## From planning to action: CitySwitcher combines trusted resources, expert support and AI-powered guidance to help employees move with confidence.

CitySwitcher empowers every employee to plan and manage their move independently by providing access to:

### Switch - your personal, AI-powered moving assistant

Employees can ask questions, explore neighborhoods, compare housing options, evaluate moving approaches, and receive tailored recommendations.

**NEW** - Switch helps employees move from “I’m relocating” to “I know what to do next” with personalized guidance available 24/7.

### A curated global network of vetted partners

Trusted vendors specializing in employee-managed moves.

### Exclusive vendor discounts

Specially negotiated rates to make your employee’s moving budget go further.

### Planning tools and resources

Checklists, calculators, and moving tips that help your employees stay organized and support smarter decision-making along the way.

#### Reduce risks associated with moving

Minimize relocation risks by connecting employees with vetted, high-quality service providers. CitySwitcher helps reduce unnecessary costs, service issues, and logistical challenges while providing greater employee support and protection.

**Impact:** Fewer escalations and better relocation experiences.

#### Increase visibility into lump sum utilization

Track how employees use their lump sum benefits. CitySwitcher provides insight into the relocation services employees research and select, helping align benefit allocations with real-world moving costs.

**Impact:** Better data for smarter policy decisions.

#### Improve employee experience through helpful resources

Empower employees with planning tools, trusted resources, and personalized destination content. CitySwitcher helps employees make informed relocation decisions while staying focused on work throughout their move.

**Impact:** More confident and productive employees.

## Help your employees move smarter

With CitySwitcher and Switch, employees gain more than relocation resources—they gain intelligent insights that help them understand their options, make informed decisions, and confidently navigate their move.
